Education

Vishnu Institute of Technology   **2020 – 2024**
Bachelor of Technology in Computer Science and Business Systems   *Bhimavaram, Andhra Pradesh*

Sri Sai Aditya Jr College   **2018 – 2020**
M.P.C   *Bhimavaram, Andhra Pradesh*

Aditya E.M High School   **2017 – 2018**
State Board   *Bhimavaram, Andhra Pradesh*

Technical Skills

Programming Languages: Java, Python
Web Technologies: React Js, HTML, CSS, Javascript, Bootstrap
Databases: MySQL
Developer Tools: Git, Git Hub

Projects

Interactive Quiz Application | *React Js, Bootstrap, Express Js, MySQL, API*
- Implemented a front end using React.js for a seamless user experience.
- Utilized SQL for robust data management and efficient querying.
- Integrated Node Js as the backend server to handle API requests.

Personal Portfolio | *React Js, Bootstrap, Css*
- Developed a fully responsive personal portfolio using React.js, ensuring optimal performance across various devices.
- Utilized a component-based architecture for modular code, with dynamic content rendering for easy updates.
- Deployed the application on a cloud platform, ensuring accessibility and ease of sharing.

Weather Application | *React Js, Bootstrap,Css, API*
- Utilized the Open Weather API to fetch and display real-time weather forecasts based on user location.
- Implemented location-based features to provide personalized weather updates and enhance user experience.

Certifications

- Completed the React Basics course from Coursera provided by META.
- Earned Java certification from HackerRank.
- Earned SQL certification from HackerRank.

Participations

- Participated in the GDSC 24hr Web Hackathon, focusing on rapid web development.
- Competed in the GDSC 72hr Gaming Hackathon, creating innovative gaming solutions.
- Engaged in Tata Ideathon 2023, brainstorming and developing creative ideas.
- Engaged in the Intra College 24hr Web-Dev-Thon, demonstrating web development skills in a competitive environment.

Achievements

- First Prize in Intra college R&D Poster Presentation
- First Prize in Art Contest from Student Art club
- Second Prize in Photography from Student Tech club

Extracurricular Activities

- **Mentoring and Workshops**: Actively Mentoring junior students and conducting React workshops to share knowledge and enhance their skills in web development.
- **Art Club**: Actively coordinated art club activities, including managing events, workshops, and exhibitions, and fostering a creative environment.
